# WATER EXERCISE CLASS DESCRIPTIONS

At the Y, we offer water exercise classes for all ages, all levels and all interests. We trust you'll find a water exercise class that's fun, supportive and keeps you moving. Below is a detailed listing of our current offerings.

## AQUA ZUMBA

**Max Capacity = 12**

Known as the Zumba "pool party", Aqua Zumba gives new meaning to the idea of an invigorating workout. Splashing, stretching, twisting, even shouting, laughing, hooting and hollering are often heard during an Aqua Zumba class. Integrating the Zumba formula and philosophy with traditional aqua fitness disciplines, Aqua Zumba blends it all together into a safe, challenging, water-based workout that's cardio-conditioning, body-toning, and most of all, exhilarating beyond belief.

## ARTHRITIS AQUATIC EXERCISE

**Max Capacity = 12**

This therapeutic, non-impact class uses the buoyancy of water to support your body, reducing stress on weight bearing joints while improving flexibility and muscle tone. Class format consists of mild water exercises designed to safely move joints through a full range of motion. This class is appropriate for those impacted by arthritis, posture and balance issues, orthopedic/neuromuscular conditions or other physical limitations.

## SENIOR WATER EXERCISE

**Max Capacity = 12**

Jump on into the warm water. This class, held in the shallow water of our small pool, helps improve flexibility, range of motion, balance and cardiovascular health without the stress of weight bearing on joints. Be ready for a full body workout without the pain of regular day to day activities.

## SILVERSNEAKERS SPLASH

**Max Capacity = 12**

This NEW shallow-water exercise class uses a signature splashboard for stability and resistance training. SilverSneakers Splash is suitable for all skill levels and non-swimmers. The aquatic environment provides many benefits for range-of-motion, aerobic and resistance training.

## WATER EXERCISE

**Max Capacity = 15**

Enjoy the benefits of shallow and deep water workouts designed to improve cardiovascular health and fitness by focusing on aerobic exercise, muscle toning, and strengthening your entire body. This class uses aqua jogger belts in the deep water so no swimming ability is needed.
